

# BRIGHTSPACE D2L STUDENT TRAINING SESSIONS & RESOURCES

All new students and students taking an online course for the first time are encouraged to participate in Brightspace (D2L) training. PTC has several training options including live training, self-paced training, and customized training.

## BRIGHTSPACE (D2L) LIVE TRAINING

Registration is required for all live training sessions. To register, visit [www.ptc.edu/D2L\\_training](http://www.ptc.edu/D2L_training).

A current listing of all scheduled training sessions is listed on the registration form.

Be sure to check with your campus for specific days/times.

## CUSTOMIZED TRAINING

Customized training is available by appointment. To schedule an appointment contact the Distance Education Office (864) 941-8682 or your county campus.

## ONLINE SELF-PACED TRAINING

Learn to use Brightspace (D2L) using the **Are You D2L Ready?** information located on the D2L homepage. Videos, guides and a self-assessment quiz will ensure you have the skills necessary to successfully use D2L.

More in depth training is available in the Self-Paced Training Course. In addition to video tutorials and guides you will also have the ability to interact with the learning environment by completing sample activities. To take part in the online Self-Paced Training Course click on the **Resources** menu on the D2L home page and select **Self-Registration**.
